

Having studied Part 1 'Introduction to EoT' & Part 2 'Models for EoT' of the distance learning, you should now be able to discuss one of the following questions with other course participants.

1. How can training institutes use EoT to improve the effectiveness of the training that they provide?
2. How can training institutes use EoT to improve the efficiency of the training that they provide?
3. What is the role and responsibilities of field/departmental staff in the evaluation of training?
4. What are the consequences for training institutions of not carrying out EoT?
5. Currently, what are typical problems likely to be encountered when attempting to carry out EoT?
6. Given the Government of India's commitment to 'Training for All', what help should be expected from EoT?
